Film Processing

E-6 Transparency Film Processing

At Colormark, we are members of Fujifilm's Oasis program of process control for professional E-6 labs. Oasis membership ensures that all the variables in E-6 processing are monitored to prevent problems from occurring. This produces consistent transparencies and slides every time. We use a Refrema dip & dunk E-6 processor, the most reliable professional processors.

Film Size	24 Hour Service		3 Hour Service		1.5 Hour Service	
	Sleeved	Plastic Mounts	Sleeved	Plastic Mounts	Sleeved	Plastic Mounts
35mm 24exp	4.25	5.50	5.50	7.50	8.25	10.75
35mm 36exp	5.70	7.50	7.00	9.00	9.50	12.00
120	4.50		6.00		8.50	
220	6.70		8.00		13.00	
4x5	1.75		2.00		3.00	
5x7	2.80		3.25		6.50	
8x10	4.00		5.00		7.50	
Snip Test	3.00		3.50		5.50	

Push up to 3 stops, pull up to 2 stops	2.00 add'l
Cross processing of film	10.00 add/roll
Glass mounts, +1 day	1.50 each
Slides put into pages, 20 per page.....	2.00/page
Mounting of preprocessed full roll film on plastic, 4 hr service	4.00/roll
Unmount and remount in plastic mounts, 8 hr service.....	1.00 each
Unmount and remount in glass mounts, 24 hr service	2.50 each
Slide imprinting per roll, same imprint- 2 rows of 21 char/spaces ea	1.50 /roll
Setup on file for one year	5.00 each
Blank roll	3.50 each
Blank sheet	0.75 each
Cut and page film	1.10 each

Snip tests will be done only from the beginning of a 35mm roll. On 120/220 film we normally snip from the end of the roll (last exposures taken). If you request it, we will snip from the front of the roll (first exposures taken). 35mm snips are approximately 11" long and 120 snips are approximately 6" long. The snip price is based on Colormark processing the rest of the roll of film. Otherwise, the price for a snip will be the same as to process the entire roll.

Film Processing

Color C-41 Film Processing

High quality professional C-41 processing. C-41 films have a two stop latitude and are not specifically designed to be pushed or pulled due to color shifts that cannot be corrected in prints. At your request we can push up to two stops at \$2.69 per roll and 2 hours additional service time. Cross processing \$10.00 add'l per roll.

Blank roll \$2.00

Black & White Film Processing

Prices are for machine processing in T-Max RS developer. Unusual processing or other chemistry such as D-76 or D-19: Service time +24 hours; Cost is \$10.00 per roll, plus the cost of any additional materials if needed. Blank roll \$2.00 T-Max only

Printed for optimum color & density

Dodged and burned per your Instructions

Prints available bordered or borderless

Glossy and lustre surface available

All film must be scanned

All file formats accepted

Retouching available on all prints at an additional cost

Reprograde prints, our highest quality print, is available when exact size (+- 1/16 inch or less tolerance) is required and when there is critical color matching. They will be billed 50% additional and service time is extended one additional day. No rush service available.

Print Services

Custom Pearl and Duratrans/Backlit Prints

MINIMUM ORDER: 2 - 8X10 PRINTS, Test print \$15.00 (not charged if final is printed)
 Priced at 50% additional of custom pricing
 Enlarged & cropped, glossy surface only
 From 35mm to 4x5 color negatives, positives and Files
 Dodged and burned per your instructions

Custom Pearl paper from Fuji features a pearlescent, metallic sheen base that makes color pop with intensity. Images printed on this paper have an almost 3-D feel to them, adding dimension and interest to the subject. The paper features a high degree of durability and tear resistance. Odd sized prints will be billed at next larger size.
 Guide print strongly recommended.

Backlight Duratrans prints available. Billed at 50% additional of custom pricing. Duratrans material is ideal for backlit displays for menus, POP, trade shows, and many more.

Digital Pro Prints

Service Time:	Normal	25% Addl	50% Addl
	48 Hrs Includes Processing	24 Hrs	4 Hrs

Pricing is discounted 25% from regular online/digital prices.
 All corrections are made by the customer. Color, density, contrast, saturation, cropping, and sizing are the customer's responsibility.
 Any redos are entered as a new order.
 We recommend you color balance your monitor. First time users should submit a small test run to become familiar with the output you will receive.

Framing

Colormark offers many choices for all your fine framing and matting needs. We specialize in the proper framing of photographs, using acid-free materials to protect and enhance the beauty of your photographs. We utilize the best quality workmanship along with the highest caliber custom metal and wood frames and specialty mats. Colormark strives to make your image or photograph look like a gallery showpiece, but at affordable prices.

We do custom framing!

Specialty Prints

Package Prints

Service Time:	Normal	50% Addl	100% Addl
	48 Hrs	24 Hrs	4 Hrs

1st Unit	6.00	Unit 1	1-8x10	Unit 6	4-3.5x5
Addl Unit	3.25	Unit 2	2-5x7	Unit 7	16-2x2.5
		Unit 3	1-5x7, 2-3.5x5	Unit 8	8-2.5x3.5
		Unit 4	1-5x7, 4-2.5x3.5	Unit 9	8x12
		Unit 5	4-4x5		

Package prints are groups of prints made simultaneously from one image. They can be made from 35mm and 120 color and B&W film as well as Digital. They can be either glossy or lustre surface.

We test each image for the best color and density. All prints from one image are printed the same. If you have a proof you would like us to match, please enclose it. Special cropping incurs a charge of \$10.00

Packages are returned uncut, in unit sheets.

Photo Greeting Cards

Service Time:	1st Test	Final Quantity	100% Addl
	3 Days	2 Days	24 Hrs

Greeting cards are 4x8" from your original color and B&W 35mm, 120/220 or APS negatives and slides and digital files. For larger originals and prints, additional charges apply. The photo opening is approximately 4x6". Images may be cropped to fit into greeting card templates. You can add a personal typed message or hand-written note or signature for an additional charge. White envelopes are included.
